

THREE WAYS TO HELP:

1. The Revolving Loan Fund

A gift to the CSS revolving loan fund is a gift that keeps on giving.

CSS perpetually upgrades trucks through the revolving fund.

The CSS revolving loan fund is used only to purchase fuel-saving equipment. The equipment is leased to the trucker and the money returns to CSS to be re-loaned.

CSS needs the ability to perpetually upgrade trucks. New technology is rapidly becoming commercially available – yet existing vehicles have a 25 year lifecycle. CSS will continue to retrofit trucks to make them cleaner & more efficient.

2. General Support

A gift of general support goes to pay staff costs, improve our outreach ability, and expand our facilities.

The number of trucks that CSS can upgrade is only limited by the number of staff and facilities we have to do the job.

CSS Staff: (from left) Angela Guerrero, Jon Gustafson, Sharon Banks, Angelique Dodaro, George Price

3. Carbon Offsets

CSS monitors & verifies the amount of CO₂ reduced by each upgrade.

Individuals and companies can become carbon neutral by purchasing the reduction in CO₂ generated by CSS to offset the CO₂ produced by their operations.

Some states require industries to offset the CO₂ they produce. This is an opportunity for companies to expand their operations without increasing greenhouse gas emissions.

A typical individual-in the course of living causes CO₂ emissions in excess of 10 tons per year.

CSS has carbon offsets currently available for \$5 per ton. The money generated by CO₂ offsets goes to general support of CSS.

CSS Donation Form

Name _____

Company _____

Address _____

Phone _____

Cell _____

Email _____

Website: _____

___ I or ___ Our company wishes to donate to the efforts of Cascade Sierra Solutions.
I would like to donate \$_____.

___ Monthly ___ Annually ___ One Time Only

Please put my gift in:

___ Revolving Loan Fund

___ General Support

___ Carbon Offsets

Please deduct my gift from:

___ My checking account (provide a voided check)

___ My Visa/Mastercard account

___ Send me a bill
